**MEMORANDUM FOR: Office of Logistics**

**ATTENTION : Chief, Budget and Finance Branch**

**SUBJECT : Monetary Requirements for the Transportation of Things  
During the Fiscal Year 1956**

25X1

1. In furtherance of our conversation of this date, and pursuant to the provision of the instructions contained in [redacted] dated 22 June 1955, you are advised that approximately \$1,100.00 has been committed for the transportation of things for this activity during the first half of FY 1956. We anticipate that it will possibly take an additional \$900.00 to cover the transportation of things during the second half of FY 1956. Accordingly, it will be appreciated if you will take action as indicated in the instructions cited to cause money available to the Project in the Budget Division to be adjusted to the extent that we will have \$2,000.00 available to cover this need for FY 1956.

2. It will be appreciated if you will inform us from time to time, preferably on a monthly basis, the amount of commitments made against this fund, in order that we can jointly cause an increase or a reduction in the allocation as is dictated. It is my understanding that these monies will be transferred to and expended from Allotment Symbol 6-6893-10.
